

Generate Dealflow With The Persistence of PHARMATRACC®

Introducing PHARMATRACC®
A Distinct Edge Over The Competition For Transactions

Our PHARMATRACC® platform, offered exclusively by Advisory Associates Inc, covers the entire in-licensing / acquisition effort, from product profiling to closing transactions. PHARMATRACC® is highly specialized to the pharma industry and is designed to make buy side initiatives more productive for our clients by locating opportunities that fit, and have a higher probability of closing.

The PHARMATRACC® Process

- Allows your highly-trained professionals to focus on negotiating, structuring and closing transactions.
- Utilizes sophisticated prospecting and targeting strategies.
- Provides actionable target information, developed to fit your business.
- Increases contact yield using experienced life science industry professionals.
- Avoid the auctions - find what you need, when you need it.

PHARMATRACC® goes far beyond traditional prospecting, combining broad search capabilities and pinpoint targeting with proprietary qualification and decision-making assistance to enhance business and corporate development team efforts. PHARMATRACC® provides real time, fine motor control working in concert with our clients strategic growth initiatives.
